📍 24th cross varthur,
Whitefield , Bangalore 560087

EDUCATION

B.E in Computer Science
and Engineering
MVJ College Of Engineering
2022 - 2026

(PCMC) Physics , Chemistry ,
Maths , Computers
Narayna PU College
2020 - 2022

ICSE
ST Peter's School
2020

SKILLS

- Multilinguistic - English,
Kannada , Telugu and Hindi
- Leadership
- Vice President of College
technical club
- Time Management
- Flexibility

About Me

As a dedicated engineering student specializing in computer science, I am passionate about developing efficient solutions to technical problems. I have a particular interest in dynamic programming, algorithms, and software development. I'm always eager to expand my knowledge and apply it to real-world projects.

WORK EXPERIENCE

Workshops

- Attended android development workshop in Feb 2024
- Attended front end workshop in june 2024.
- Attended back end workshop in july 2024.

Mini projects

- With the help of our college tech team i developed a travel bucket list website called "bucketly".
- A website which stores the database of the tenants for paying rent every month (rental management system).

Currently working on

- learning AIML
- Improving basic skills

Knowledge of c , c++ , java , data structures , Basics of front end and back end development
